

NATIONAL
WHIRLIGIG

BY RAY TUCKER
WASHINGTON, March 20—Although every prominent Republican bigwig has repudiated the John Birch Society, each is worried about the emergence of angry and assertive ultra-rightist movements in such states as New York and California.

They are worried that they carry them to the polls, endanger the prospects of two of the most discussed candidates of the Republican party in the last year, Sen. Nelson A. Rockefeller of New York and Richard M. Nixon of California. Each must win the governorship in September if he wants to stay in the Senate.

These potential rebels have nothing in common with the Birchites in the latter's wild condemnation of former President Eisenhower and Chief Justice Earl Warren as sympathetic to communism. They do not regard themselves as ultraliberals, preferring to describe themselves as "moderate."

FOLLOW SAINT FRANCIS—Their principal demands are for less federal spending, less centralization of economic power at Washington and less paternalism in government. As today, the late Sen. Robert A. Taft would probably be the ideal candidate, although some of his ideas as expressed just before his death might be suspect.

They would probably consider Sen. Barry Goldwater as acceptable. He stands to the right of the Birchites, but has not repudiated them. Indeed many of their meetings, George Romney's advocacy of libertarian "citizen responsibility" might appeal to them; although he has yet to denounce his beliefs.

The Birchites insist that these numerous fringe factions, together with their unorganized adherents throughout the country, might achieve a balance of power status, which frightens top GOPers. By nominating their own candidates, they did—in 1960—because of Nixon's "middle-of-the-way" philosophy, which could defeat Republican candidates for the presidency, congress and governorships.

Does the means justify the end? Perhaps future developments in Argentina might supply the answer. No one is anxious for communism to take over another nation, yet's the military in Argentina or anywhere else—justified in such a step as deliberately voiding an election?

The person who favors halting the spread of communism through any means possible might cheer the move of the military in Argentina. But others might point out that generals who have the power to toss out results of a free election are no better than Dictator Peron himself.

Right now, only one thing is certain and that's the fact Argentina is facing a period of trouble and perhaps bloodshed. Communists aren't going to sit idly around while their election victories are canceled by the military. Non-communists may protest violently about the high-handed treatment of the election. The net result can be only trouble and strife, elements on which communism thrives.

The coming weeks will have an answer of whether the right-wing military in Argentina has headed off the communists—or only created a situation in which communism can make more progress.

HE HELPED SAVE OTHERS

Little Debbie Dains never experienced the activities of a normal boy's life and in his short 12 years, he went through more pain and grief than the average person knows in a regular life span. During the last year of his young life, he had undergone two major operations, all designed to help toward a semblance of normalcy that had been prevented by the care of polio he contracted when only a baby.

But in spite of all the pain and suffering, Debbie Dains did more to help humanity in his dozen years of life than the big majority of humans accomplish in a normal lifetime. He was selected as poster boy for the 1954 campaign of the National Foundation for Infantile Paralysis. His appealing picture on thousands of posters around the nation helped raise funds used to finance research that devised an effective serum to fight polio.

Use of that serum gives virtual assurance that no other youngster ever again needs to be crippled and live the shortened life of Debbie Dains. Everyone owes him a debt of gratitude. The least that can be done in his memory is to make full use of the serum that eliminates polio, the crupper.

CIRCUMVENTION

Idaho's highway board has a good point in its efforts to collect state gasoline tax on fuel hauled into the state from Utah and then used by vehicles from the national carrier testing station. Courts have ruled Idaho cannot collect state gasoline tax on the fuel, but that represents the legal interpretation of the law. If all that gasoline were used by vehicles that never left the testing station grounds, it would make sense. But that could hardly be the case.

Atomic energy commission vehicles are a common sight on the highways in eastern Idaho. Apparently most, if not all, of the fuel they burn is hauled in from Utah by tanker. Yet most of that gasoline is consumed on Idaho highways. The basic purpose of the gasoline tax is to provide funds for highway construction and maintenance. AEC vehicles use the highways and in some places are quite a factor in highway wear and tear. It's only fair that the AEC should pay its share of the maintenance.

Perpetual circumstances of hauling gasoline from Utah appear to be designed to circumvent Idaho law. There's nothing particularly new about such circumvention on the part of federal agencies, which consistently claim they are not subject to the laws of the state in which they operate.

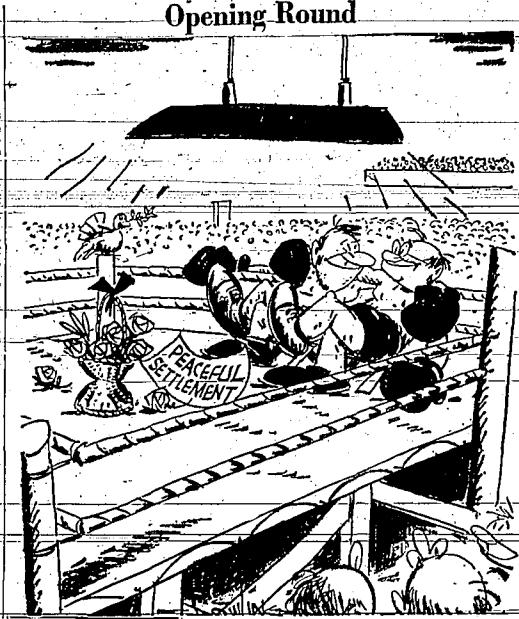

There is not going to be any clear and final answer through the courts in the near future on whether a federal bureau has to comply with laws of the various states. It won't stop being a sore point for state governments and now and then the states might wish an issue. As in the Idaho gasoline tax case, they won't stop trying.

THREE STILL READ

We've had a few anxious moments, wondering if reading of books was becoming obsolete. So too, perhaps, in a recent column by Fawn Butler cheered us up.

One is that the number of books published in this country in 1961 was up almost 2,000 from the year before. Granted that many of these are just new, many are old, many have been in print, including some of the 2,000 that just barely made it.

The other is that library circulation is rising and, in quality, here and everywhere. The American Library Association's figure for public libraries throughout the country per capita circulation figures are rising, and that can't demand that shifted away from mere circulation. In fact, the new library circulation is visible in the demands for new fiction and for new books with an informative dimension. Perhaps the writer of Ecclesiastes was right in saying "the making of many books there is no end." We hope so.

Opening Round

BARRY
GOLDWATER

The members of the Democratic party have been enormously successful in fostering the notion that the Republican party is owned by the rich, subservient to big business, and financed and totally indifferent to poverty.

I was a candidate for Congress in 1958, a state senator in 1960, and a member of the party of big business while the Democrats were in tune with the needs of the little fellow.

But most of my acquaintances are to a dismally poor, totally indifferent and completely devoid of any sense of political responsibility. The Republican party is deeply in debt and has been unable to pay it off because of controlling the Republican party usually ignore those of who are burdened with the task of raising funds for political purposes.

It is sometimes difficult to understand how those, through their initiative and employment of their talents, have made the competitive free-enterprise system so productive can remain members of the party. The voices of socialism collectivism dominate the public scene.

If friends of mine took contributions to the Republican party—*if*—the Democrats would be all the more rich and all Republican campaigns adequately funded, I can assure you.

World Corners

TWIN FALLS NEWS ANALYST

PARIS—If or when peace truly is restored to Algeria, President Charles de Gaulle will be able to give full sway to his dreams of a Greater France de la France.

These are, which, even as France dreams which, even as France

lays prostrate in the mud, are—and be

more active, meaningful supporters of the only national political instrument which offers any prospect of saving our country. And, as far as peace toward a total centralization of power and ultimately the socialism of the welfare state. How do you stand, sir?

particularly the United States.

De Gaulle is determined that French defenses depend only upon herself, and upon no alliances or single ally.

He is equally determined that French leadership in western Europe reassert itself after 40 years of decline.

De Gaulle is determined that France shall have its own nuclear striking force and he is deeply angered by U.S. opposition.

A high French official made it clear though less than clearly that Franco-American relations would remain unsettled so long as the United States maintained its present position. The French demand equal treatment with the British as a nucleus.

While tradition and necessity binds the United States and France as allies, there are other deep differences between the two nations.

De Gaulle is contemptuous of the United Nations, which remains a keystone of U.S. foreign policy.

He has remained aloof from U.S. exploratory talks with the Soviet Union over Berlin, and he has boycotted the disarmament talks in Geneva.

For each of these actions he has similar reasons which the Russians have shown no desire to settle problems which they themselves created, and that their only clear objective is to obtain a permanent forum by which to influence or frighten world opinion.

De Gaulle also disapproves of U.S. actions in Southeast Asia.

But perhaps the deepest difference of all springs from his determination to build his own nuclear force, which meets opposition even within France.

These opposition forces and the United States regard such an operation as unnecessary and heavy burden on the French economy. De Gaulle regards it as a temptation to other nations not now possessing the bomb. He is moving ahead relentlessly to build a 16-divisionary army which will be the strongest in Europe.

Movies Role By Princess Grace Is Set

MONTE CARLO, MONACO, March 20.—(UPI)—Princess Grace will be the third in this little principality briefly to make a movie in Hollywood, where actress Grace Kelly, she once reigned as an Oscar-winning queen.

Princess Grace announced Monday in a palace communiqué that her wife will star in a movie while on a vacation in the United States next summer. He will accompany her.

When she turned her back on Hollywood and married the prince six years ago, Rainier said it was best for Monaco and her career.

The princess announced that her screen career was over.

It was learned that Princess Grace had been lured back to Hollywood by her old friend, film director Alfred Hitchcock.

He is also a good friend of the prince.

Hitchcock recently made three trips to this gambling mecca to visit his patients.

Hitchcock did not start work on the script until he was certain the princess would be his star.

The film, "Marnie," will be based on a novel by British writer Winston Graham.

Survivors of Atomic Blast Seeking Halt

SAN FRANCISCO, March 20 (UPI)—Two survivors of the atomic blast at Hiroshima stopped here today on their way to Geneva, where they will ask diplomats attending the 17-nation test ban conference to halt all nuclear tests.

The pair, Miyoko Matsubara, 25, and Horonoma Hanabusa, 18, was accompanied by Mrs. Earl Reynolds, who made a protest voyage into the nuclear test ban in the Pacific with her husband in 1954.

Miyoko Matsubara was injured in the first wartime atomic blast and Hanabusa was orphaned.

"I was a mile from the center of the explosion and I was not hit," Miyoko Matsubara said in Japanese. "Only 65 of us survived. Most of the citizens had vacated the city, but the students who were staying behind altered a working day from number from a building before the start of school. I was 12 years old."

Miyoko Matsubara said she had never married because of the danger her children might be born defective.

Hanabusa said he was out of the city at his grandmother's farm when the bomb fell. He said he lost his parents and most of his other relatives.

Mrs. Reynolds said "more than 100,000 people" were killed in the 1945 bombing. Some are still in hospitals. Some may have died since we left Hiroshima. Some will certainly die in the six weeks before we return to Japan."

The American Friends service committee sponsored the party's visit to the San Francisco area.

Drawing Set For Wendell

WENDELL, March 20.—The Red Cross bloodmobile will be in Wendell Wednesday at the American Legion building from 11 a.m. to 3 p.m., announced Mrs. Harold Holzinger, blood bank chairman. The bloodmobile, under the name of Fidel Castro, to impose rationing of basic foods.

McGovern said, however, that agencies such as Church World Service, Catholic Relief Services, Carter Blood Bank, and feeding programs in Cuba, unless there is some change in the Castro government's attitude.

He said he expected the new government soon to be set up in Algeria. He said any such request will be taken under consideration very quickly.

Guest Is Winner Of Pencil Award

MARY STACY, Post-Advertiser, a guest at the I. D. Perrine Foundation, who recently returned from a month's vacation in the Dominican Republic, was given the blue pencil for the best speech.

The topic chairman at the meeting was John W. McDaniel, who received a blue pencil and the invocational was given by Merle Cherry. Tomatini was Waynes DeSpain, Robert Day and Robert Summers led for the most improved speech award.

FESTIVAL TO OPEN BUENOS AIRES, Argentina, March 20 (UPI)—The fourth International Film Festival, at the Madrid theater, will open Saturday night at 8 p.m. with a film by Argentina.

Payments will be made April 23 to shareholders on record April 8.

Dividends OK'd For Five Funds

Five mutual funds of the National Securities and Research Corporation series will pay fiscal year-end capital gains dividends in April, announces E. W. McRoberts' And company, Twin Falls.

"Payments will be 35 cents a share for the growth stock series; 31 cents for the stock series; 21 cents for the income fund; 22 cents for the money market fund; and four cents for the dividend series."

"Payments will be made April 23 to shareholders on record April 8.

White House Eyeing Cuba Food Parcels

WASHINGTON, March 20 (UPI)—White House aids indicated today the administration might be willing to donate surplus food to relieve hunger in Cuba despite U.S. opposition to the Castro regime.

George McGovern, an assistant to the President and director of the White House food program, said the government could be "very sympathetic" to any request for donations of surplus foods to private charitable agencies for use in Cuba.

"This program," said Mrs. Holzinger, "was started in 1955 and all hospitals in this area received food from this source."

McGovern said this bank for relatives and friends receiving blood in other areas. The Red Cross blood program does not require a request for surplus food, he said.

He said he expected the new government soon to be set up in Algeria. He said any such request will be taken under consideration very quickly.

Spy Suspect Returned to Army Prison

TOPEKA, Kan., March 20 (UPI)—A tall, former army nuclear technician, accused of turning over restricted information about U.S. nuclear and guided missile systems, has been returned to Leavenworth county jail by federal officials.

Twenty-five-year-old George Gessner appeared yesterday before U.S. Army Maj. Arthur Blanley Jr., commanding officer of the 10th Cavalry, who is in charge of violating the atomic espionage act. The alleged violation took place in the Russian embassy in Mexico City after Gessner had deserted his post at the U.S. embassy in Mexico City to apply for a job with the U.S. State Dept. in the U.S. Embassy in Mexico City.

Gessner denied giving information to Russian agents. He said he decided to leave the embassy after completing six years of training in the missile field.

"I just wanted to get away for a while and think," he said, explaining his departure from the embassy.

He said he visited the Russian embassy in Mexico City to apply for a visa to visit the Soviet Union, according to reports here.

Blanley said he was "impressed" with Gessner's explanation of his desire to leave the embassy.

Gessner attempted to arrange a trade, information for a visa.

A request by Rice for bond was denied by Blanley since the officer had been charged with death penalty.

A preliminary hearing was set for March 28 in Kansas City, Kan.

McGovern said, however, that agencies such as Church World Service, Catholic Relief Services, Carter Blood Bank, and feeding programs in Cuba, unless there is some change in the Castro government's attitude.

He said he expected the new government soon to be set up in Algeria. He said any such request will be taken under consideration very quickly.

Pakistanis Die In Well's Blast

DACCA, March 20 (UPI)—More than 100 persons, including 100 foreigners, were reported today to have been killed in a gas explosion and fire March 15 at Syntex, 123 miles northeast of this East Pakistan capital.

According to reports here, from Syntex, a cigarette park-toasted-off-gas escaped from the new Sulemanpur well shooting flames high into the sky.

The report said a crowd, which had gathered to watch the drilling of the well, was trapped by the fire. Many persons leaped into a nearby river, but most of them had drowned.

Bureau Sees Nation Farm Crop Decline

WASHINGTON, March 20 (UPI)—The agriculture department's annual "Agricultural Outlook" forecast crop acreage will be the smallest since the government started keeping records in 1929.

The total planted acreage of all crops, doesn't include acreage for

14 million acres from last year.

Federal crop control programs were cited largely responsible.

Nevertheless, the report showed that this year's federal crop program may not be as effective as last year's in reducing production of major crops like wheat, corn, and grain.

The report showed that other prospective increases over last year in acreages of crops to be planted this year, should bring the total planted acreage to 120 million acres.

It is expected that wheat acreage will increase 10 percent, corn 12 percent, and grain 14 percent.

The report showed that other prospective increases over last year in acreages of crops to be planted this year, should bring the total planted acreage to 120 million acres.

It is expected that wheat acreage will increase 10 percent, corn 12 percent, and grain 14 percent.

The report showed that other prospective increases over last year in acreages of crops to be planted this year, should bring the total planted acreage to 120 million acres.

News Around Idaho

EVALDING, March 20.—A two-year-old Hoplating boy, Norman Hall, Jr., drowned in a mill pond near his home Saturday. Investigating officers said the victim, the son of Mr. and Mrs. Norman Hall, slipped away from his playmates unnoticed, apparently wandered up an incline leading to the Clearwater Lumber company pond and tumbled over a dike. The body was found between two logs, 15 feet from shore, officers said.

BOISE, March 20 (UPI)—The state health department Monday there have been fewer cases of pneumococcal fever reported in the Gem State this year. Through March 17, a total of 60 cases of the disease have been reported by Idaho physicians compared to 101 in the same period a year ago.

BLACKFORD, March 20 (UPI)—The First Republic Bank, N. A., of Blackford, has an average income of \$27,000 a month. The bank is the bigger of the two and issue of Class A stock, district 55, superintendent L. T. Stoddard, reported last night following a meeting of the board of the district trustees. The issuance of the bonds was approved by 89.5 per cent of the electors of the district who cast ballots at an election held Feb. 12.

BOISE, March 20 (UPI)—The Idaho public utilities commission indefinitely delayed today a hearing on the application of a bill for the issuance of a standard issue of Class A stock, district 55, superintendent L. T. Stoddard, reported last night following a meeting of the board of the district trustees. The issuance of the bonds was approved by 89.5 per cent of the electors of the district who cast ballots at an election held Feb. 12.

BOISE, March 20 (UPI)—The office of State Mine Inspector George D. Fletcher reported Monday it is believed the mine inspection of mining properties in northern Idaho and western Montana by Fletcher will also inspect mining properties in Kootenai and Bonner counties. The tour is expected to last two or three weeks.

IDAHO FALLS, March 20 (UPI)—The United States must continue to maintain the national commander of the Veterans of Foreign Wars said Monday. "We can't afford to let Russia develop her nuclear power while we do nothing about it," Robert Hansen of St. Paul, Minn., told a news conference in Idaho Falls. Hansen, who is on a tour of east Idaho VFW posts, was the guest during the day of the Idaho Falls post. He was honored at a reception in Rigby Monday night.

BOISE, March 20 (UPI)—Eleven law-leading officials, including the chief, have been transferred from British Columbia to Idaho. The transfers and their assignments announced Monday. The move was made, the department said, in an attempt to re-establish the fishers in Idaho, where they were virtually wiped out by trappers more than two decades ago.

BOISE, March 20 (UPI)—State Mine Inspector George Fletcher has started his annual inspection tour of northern Idaho mines. His office said the tour is expected to last two or three weeks.

Benson Will Review Rule For Defense

BOISE, March 20—Attorney General Clark L. Benson has decided to file his office holding payment of salaries to county civil defense directors against Idaho laws. Benson was asked Monday by Bonneville County Commission Chairman Emmett Spraker to give the counties of Idaho a decision on the opinion.

Benson told Bonneville county commissioners Tuesday he had received no county from the opinion, but Spraker said he yet received official word on the opinion.

Benson told Bonneville county commissioners Tuesday he had received no county from the opinion, but Spraker said he yet received official word on the opinion.

Spraker said that in view of possible new floods in Bonneville this week, he wanted to know the status of county civil defense director Jack Stevens.

State civil defense director Lieut. Col. James Keel, Jr., has indicated he may test the opinion in the supreme court.

Plane Debris Is Found By Search Ship

CLARK AIR. FORCES BASE, Philippines, March 20 (UPI)—A search ship has recovered additional debris, including a piece of aluminum tubing, in the Pacific Ocean area where a freighter sighted a bright flash the night a troop-carrying airplane vanished, officials announced today.

The joint search coordination center at Clark Air Base, Philippines, said the search ship, authorized by the U.S.-Cuba County about as miles southwest of the point where a Liberian freighter sighted the plane.

The aircraft, flying "Tiger Super-Constellation," was en route from Guam to Manila with 107 persons, including 93 U.S. troops and 14 Filipinos. It sought help in the fight against the communist Viet Cong guerrillas. Others aboard included three South Vietnamese soldiers and the crew of 11—four of them Americans.

The search center statement said the tubing remained affloat because of its glass insulation, which caused it to float. The local representative for Lockheed Aircraft, manufacturers of the plane, had not yet been able to identify the tubing as part of the aircraft.

The statement said the U.S. Air Force had been ordered to proceed to the area off the Philippines to assist the search center here in its efforts to find the missing plane.

Idaho Urges Federal Pay Of Fuel Tax

BURSE, March 20 (UPI)—The Idaho highway board urged Monday that Congress pay the state's fuel tax, which has been denied by the state from operations of the atomic energy commission since May 1959.

An effort by the state tax commission to collect Idaho's tax on gasoline and other motor fuels used by the AEC in its Idaho operations has been denied by the commission.

The gasoline was purchased in Utah and was then hauled to the national reactor testing station in eastern Idaho.

The court ruled that the gaso-

line was therefore not subject to the state motor fuels tax and the tax collector was ordered to refund the \$215,843.

A request that a bill be introduced in Congress to reimburse the state for the fuel tax denied by the atomic energy commission to the state from operations of the atomic energy commission since May 1959.

The bill, introduced by the state tax commission, would require the state to pay the fuel tax to the state from operations of the atomic energy commission since May 1959.

line was therefore not subject to the state motor fuels tax and the tax collector was ordered to refund the \$215,843.

A request that a bill be introduced in Congress to reimburse the state for the fuel tax denied by the atomic energy commission since May 1959.

The bill, introduced by the state tax commission, would require the state to pay the fuel tax to the state from operations of the atomic energy commission since May 1959.

An effort by the state tax commission to collect Idaho's tax on gasoline and other motor fuels used by the AEC in its Idaho operations has been denied by the commission.

The gasoline was purchased in Utah and was then hauled to the national reactor testing station in eastern Idaho.

Theta Rho Meet Scheduled for Ketchum Lodge

KETCHUM, March 20—Plans to hold a district meeting on March 31 of the Theta Rho clubs are being completed by members of the Ketchum club. Special committee meetings for this event will be held after school each day next week.

Activities will be held the evening of March 27 and 28 at the IOOF hall.

Donna Shurtz, president, notes that three clubs of the district have indicated they will present new robes at this time.

Norma Jean Savelberg was initiated at a regular meeting at the lodge. Officers—woman of the year, Mrs. Alice Burley, Edith Belle-Vue and Ketchum.

Norma Jean Savelberg was initiated at a regular meeting at the lodge. Officers—woman of the year, Mrs. Alice Burley, Edith Belle-Vue and Ketchum.

Gifts from Rebeleah mystery mothers were received by Kathryn and Mary Scarborough, Jeanne Hammon, Alice Burley, Edith Belle-Vue and Norma Jean Savelberg.

Guests introduced and presented with lapel pins made of pink felt hearts and bluebirds were W. T. Savelberg, Steven Dorchak, assistant advisors; Mrs. Savelberg, mother; Mrs. Mrs. Mrs. W. C. Smith, Mrs. W. C. Smith and Mrs. Alice Young, Rebekahs and past advisors.

Dee Ann Dorchak and Mrs. Peterson prepared and served refreshments at tables decorated with St. Patrick's Day favors.

Clover Walther League Gathers

FILED, March 20—Janet Lierman was in charge of the opening devotions and closing vesper of the Clover Walther League.

It was decided that families might be held at the school March 30; a movie will be shown, admission will be charged, but a free-will offering will be taken. Popcorn, candy and pop will be sold.

Also announced was the Concordia college choir performance at Clover April 14.

Glen Schroeder, Marilynn Schroeder and Roger Schroeder were in charge of the refreshments. Refreshments were served by Gary West, Gary Schroeder and Deanna Parker.

Officers Chosen

HANSEN, March 20—Mrs. Tom Russell was elected president of the Home Improvement club at a meeting in the school home economics room. Mrs. Dorothy Fischbeck was elected vice president; Mrs. Cecil Stanger, secretary, and Mrs. Lee Lucich, treasurer.

—Mrs. Robert Perkins and Mrs. Daisie Bartels were hostesses.

Marian Martin Pattern

LUCKY FIND

Now-a-day dress — no waist seam, fitting problems, or fussy details. Clitche a cheerful, washable print to wear at home, shopping or working.

Size 14½, 16½, 18½, 20½, 22½, 24½. Size 16½ takes 3½ yards 36-inch fabric.

Send 50 cents (coins) for this pattern. Enclose 25 cents for pattern for first pattern. Remittances were served by Gladys Linda and Renee Laughlin.

LUCKY FIND
18th St., New York 11, N. Y.
Name, address with
zone, line 100, name, address with
zone, line 100.

Extra Extra! Extra big spring-summer pattern catalog — over 100 styles for all sizes, occasions, Misca, half-size, women's wear, robes. Send 50¢.

ATTENTION

Orders for dormant oil application are now being taken. Blue ash and maples especially need treatment for cytosporon and cottony maple adelgid. Fruit trees, flowering shrubs and trees are also aided by dormant sprays.

JUVENILE DELINQUENCY is discussed by four Magic Valley women during a meeting of the southcentral district of Idaho Home Economics association. Guest speaker at the meet, Twin Falls County Probate Judge Zoo Ann Warberg, left, spoke on causes and effects of juvenile delinquency. On her left

are Winifred Unsicker, Meridian, recipient of a Danforth home economics fellowship; Mrs. Don Wavva, Buhl, district counselor, and Mrs. Kenneth Marshall, Twin Falls, alternate district counselor pro tem. The district meeting was highlighted by a luncheon at the Rogerson hotel. (Times-News photo)

Delinquency Is Judge's Subject

For Home Clubs

Probate Judge Zoo Ann Warberg spoke on "Juvenile delinquency" at the southcentral district meeting of the Idaho Home Economics association.

Other officers—Mrs. Charles Bass, Mrs. Joseph Owens, Mrs. C. H. Smith, Mrs. G. H. Fox, Mrs. C. H. Fox, Mrs. C. H. Smith, Mrs. C. H. Smith.

She noted that while only about two per cent of the juvenile population is involved in delinquency problems, the problem is widespread throughout the state.

Other officers—Mrs. Max Smith, vice president; Mrs. Max Smith, recording secretary; and Mrs. Mallory Fisher, treasurer.

Florence Shultz, county home demonstration agent, gave a talk on the Idaho centennial celebration and of her childhood in the Salmon tract area.

Guests were Mrs. M. E. Dossel, Mrs. M. E. Dossel, Mrs. M. E. Dossel.

The next meeting will be held at 2 p.m. April 11 at the home of Mrs. Mallory Fisher.

A potluck dinner will be served noon.

Burley Jaycees Sponsoring Miss Cassia Fete April 21

BURLEY, March 20 — Burley Jaycees and Jay-Citers are sponsoring the 1962 Cassia County Fair, April 21 in the Burley high school auditorium. Members participating are Jack Logan, Mrs. Del Rupert, and Mrs. Gene Morton, chairmen; Mrs. Dennis Kunkel, Mrs. Mrs. Del Rupert entries; Jack Logan and Gail Whitworth, advertising; Mrs. Robert Mulberg, social hour; Mrs. Ralph Fullbright, posters; Arvel Rutherford, singing; Mrs. Dick Pendleton,

REBELS HONORED

ROBLE, Switzerland, March 20 — Gen. Maxwell Taylor, President Kennedy and other members of the U.S. delegation Monday from Washington and immediately went into conference with Atlantic Alliance officials. Taylor is a European tour that includes Bonn, Berlin and London. The purpose of the tour, of course, is to brief Taylor on the thinking in Europe of U.S. and Allied military authorities.

wardrobe mistress; Mrs. Larry Hardesty, ticket; and Mrs. Robert Hillard, girls coach.

Judge will be Paul Catyn, Zee Andrus, chief police officer; Mrs. Cook, all Twin Falls, and Mrs. Val Toodson, Rupert, and Mrs. Keith Farris, Pomeroy.

Organist is Arlene Wilcox, who has taught music in the past five years and has been studying music since the age of 8. Presently she is studying under Dr. Asper and Ed Stoker, Salt Lake City.

Wilcox, 16, has her music studio located in the home of her parents, Mr. and Mrs. Wilford Wilcox.

She is also attending the school.

Requests for admission of Lin-

dell and Johnson students were sent by Police Chief Roger Tucker. In Pomeroy, it was

noted that Hillard had been accepted, but Johnson's request was refused due to class roster limitations.

Tucker said he received a call at 10:30 a.m. Monday informing him there had been a cancellation and Johnson would accept if he could reach Pocatello by 4 p.m. Johnson's request was placed on a commercial flight at 1:30 p.m. and sent on its way. Tucker said.

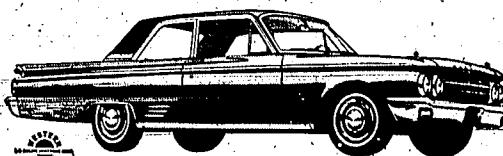

FIREFIGHT CALL

RUPERT, March 20—An un-derstandable amount of damage to a pile of new lumber occurred at the B-Cozy apartment building at 515th Street east at 12:15 p.m. Saturday. The fire was discovered, under the pile. Rupert firemen extinguished the fire before damage became extensive.

you've seen the big ones

the small ones...

Now look at the great one!

Mercury Meteor '62

(and all the years thereafter)

Priced like a compact, the luxury of a big car! Handles like a compact, roomy as a big car! Serves like a compact, performs like a big car!

Here's a new nice car, a sweet surprise car. It's the Mercury Meteor and it's everything you ever wanted in one: nice, practical, comfortable, luxurious automobile. The Meteor has no extra weight to lug around and both Meteor engines, the poppy six and the heavy new V-8 have a built-in grudge against high gasoline bills. Too

the Meteor has all of the famous Mercury self-servicing features including self-adjusting brakes and 30,000 miles between major lubrications. Meteor's priced like the compact—in fact, below some of them. You've seen the big ones and the small ones, now go see the Great One, Meteor. Now at your Mercury Dealer.

First Ride

SEATTLE, March 20 (UPI)—Back in 1776 when Jesse E. Dunn was one year old, he rode his first horse in a wheelbarrow, in an ox cart driven by his mother.

"Monday, at 88, Dunn, former police chief in Montpelier, Idaho, rode his mungo rail train from Seattle to the fair terminal in the center of Seattle about a mile away at 53 miles an hour."

"How'd he like it?"

"Fine," said the retired Idaho farmer. "It was something a person's got to see to realize what it really is. Wonder what'll happen in the next 100 years."

Dunn, who was born in Bennington, Idaho, said:

"I wanted to ride the mungo rail because I thought it would be quite an experience with the first ride I took, by ox team. On that first ride it took an hour and three-quarters to travel four miles."

LEGAL ADVERTISEMENTS

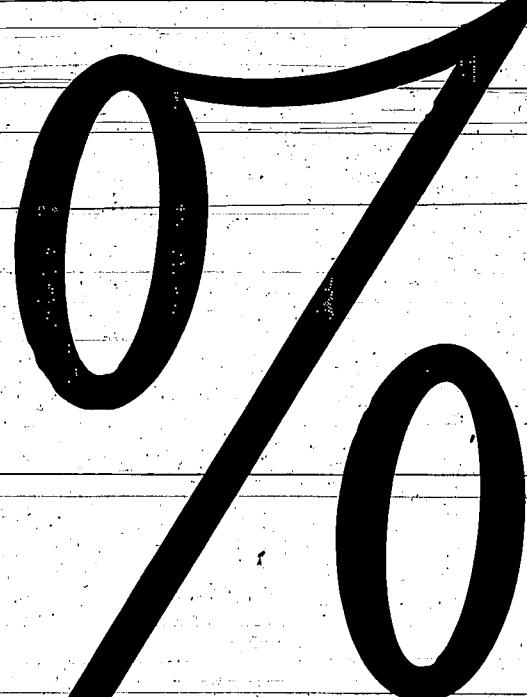

LOCAL IMPROVEMENT DISTRICT

NO. 19
NOTICE OF ANNUAL PAYMENT
DUE APRIL 1ST TO 1ST

Notice is hereby given by the City of Twin Falls, Idaho, that the time for paying the annual improvement and installment for the local improvement district No. 19 will commence on the 1st Day of April 1962, and that a two percent (2%) penalty will be added after delinquency. Local Improvement District No. 19 is requested to pay in full his tax assessment and if he fails to get his tax assessment, to contact the City of Twin Falls as soon as possible.

CITY OF TWIN FALLS, IDAHO

Published: March 18, 19, 20, 1962

WHAT PERCENTAGE of the advertising budget would you guess department stores invest in newspapers? 50%? 75%? More. The figure is actually 91%.* Such an overwhelming endorsement of the daily newspaper is significant for all merchants because the department store sells just about every kind of merchandise and is in competition with every retailer who handles any of its merchandise lines.

So when department stores—with vast experience—invest such a large slice of the advertising budget in the daily newspaper, it can only mean that they know that no other medium can do a better selling job. So what's the percentage in taking chances? Invest in daily newspaper advertising.

EVERY DAY...ALMOST ALL YOUR CUSTOMERS READ A DAILY NEWSPAPER

GIVING BLOOD IS GREAT, states Thomas Wilkins, Twin Falls, employed at the Idaho Power company, is giving his 20th pint. Joann Hamilton, registered nurse, watches Wilkins as he gives the blood. Wilkins gave his pint of blood at the Red Cross bloodmobile visit Monday afternoon at the first and third ward LDS church recreation hall. Quota for the bloodmobile visit was 150 pints and was met by 13 pints. (Times-News photo)

Cuban Asks Aid To Fight Castro

MIAMI, Fla., March 20 (AP)—A counter-revolutionary leader has called for funds and recruits for a guerrilla force to be sent to Cuba to help Fidel Castro's one very weak point in his defense of Cuba.

Rafael Arellano, speaking at a Black Hawk Park rally, did not elaborate on the alleged weak spot. But the leader of the Nationalist Realists said the attack could be successful, "given three months and 1,000 men."

CONFERENCE SET

MOSCOW, March 20 (UPI)—The 16th annual University of Idaho high school journalism conference will be held March 23 and 24 with a record 371 students and 32 faculty members from the United States and Canada, the University announced today.

PICK A SIZE, PICK A PRICE

PICK A DODGE!!!

Now there's a Dodge in every size. Compact, new size, and big. Lancer is the compact; Dart is the new size; the Custom 880 is the big one. And it's plenty big.

But these cars are different in more than just size. They differ in style, in room, in power and appointments and, of course, in price. You pick what you want in a car, and get it in Dodge.

These automobiles are different, sure. But they have

a lot in common, too. Each has a rustproofed, utilized body. Each gives you low-friction steering and Torsion-Bar suspension—called best by the experts. Each has a high-speed starter for fast starts and a high-output alternator that keeps the battery charged up even at idle. Each car goes 32,000 miles between grease jobs. Drive Dodge. Any Dodge. You'll find that a Dodge car is your best pick, in any size and at any price.

BIG DODGE CUSTOM 880

This one is big, all right. Almost 19 feet long, 122" wheelbase. Seats are超high. A big 381 cu. in. V8 belts out 265 horsepower. Custom-made for the big car man. Manufacturer's suggested retail price \$2964. Extra cost destination charges, dealer prep, tax and license, white walls: \$100.

DODGE CUSTOM 4-DOOR SEDAN

COMPACT DODGE LANCER

Car Life says Lancer America's best handling compact. You'll call it America's quickest when you try it. It's strong. The standard 170 cu. in. 6 has the power you pay extra for in other compacts. Want to do more than just save gas? Lancer is your answer. Manufacturer's suggested retail price \$1951. Extra cost destination charges, dealer prep, tax and license, white walls: \$100.

Guard Troop General Puts Ban on Rally

PT. POLK, La., March 20 (UPI)—Disgruntled reservists at this sprawling military reservation in western Louisiana are under orders to stop protest meetings.

The order from Maj. Gen. Harry E. West, commanding general of Ft. Polk, and a reservist himself, came on the heels of four meetings at which between 50 and 300 soldiers talked about organizing a letter-writing campaign to congress to find when they would be released.

West's order was contained in

a letter read to all troops at reveille Monday.

A spokesman said military personnel desketing to write their congressmen "may do so in the privacy of their barracks and must employ respectful language."

West said, "We waited last fall to receive about 21,000 troops called to active duty because of the Berlin crisis. All units are reserve and national guard units, mainly from the 10th national guard division of Texas. There are about 6,000 from 17 other states."

WCA FairFlights include round-trip fare to Seattle, first-class room accommodations (you pick the rate), ground transportation, tickets to World's Fair and big Century 21 Shows.

It's the easy way to go. It's the safe way to see everything, do everything...without fighting traffic, hunting for rooms, looking for parking, or scrambling for tickets.

WCA FairFlights take you to Seattle in minutes. You're whisked off to your hotel or motel. And the rooms are confirmed before you get there.

Tickets in hand, you board America's first high-speed monorail in downtown Seattle and 90 seconds later you're inside a spectacular World of Tomorrow...just a few hundred feet from the 600-foot Space Needle, the U.S. Science Pavilion, the Century 21 Coliseum, the Opera House, the colorful Gayway.

Fly Now • Pay Later

An easy, budget way to bring the entire family to the Fair.

- A minimum of \$20 down, payments as low as \$5 a month, up to 24 months to pay.
- Covers all fair plus FairFlight Tour.

WCA FairFlight is 2 days—3 days. Additional days, add lodging cost only. Family plan, Monday through Thursday, children under 12, half fare.

See or call your West Coast ticket office or your Travel Agent today for full details on these easy, economical tours. Ask for the colorful WCA FairFlight folder!
